

LARGE RADIAL DAMPER - Gates up to 600Kg

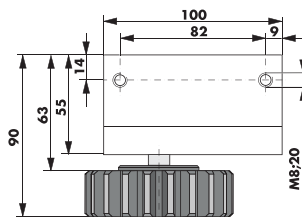

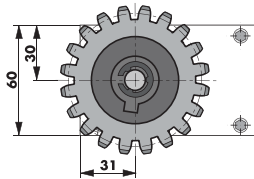

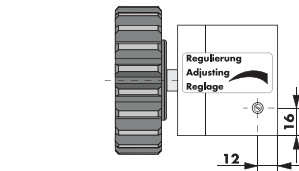

Z16 - Mod 4 # 1018-0069

Z12 - Mod 6 # 1018-0070

USAGE EXAMPLES			
ACTUAL GATE WEIGHT	GATE OPENING	INCLINE AMOUNT	EFFECTIVE GATE WEIGHT
200Kg	3m	100mm	467Kg
200Kg	4m	200mm	600Kg
300Kg	4m	100mm	600Kg

★★★★★
PREMIUM QUALITY

MADE IN GERMANY

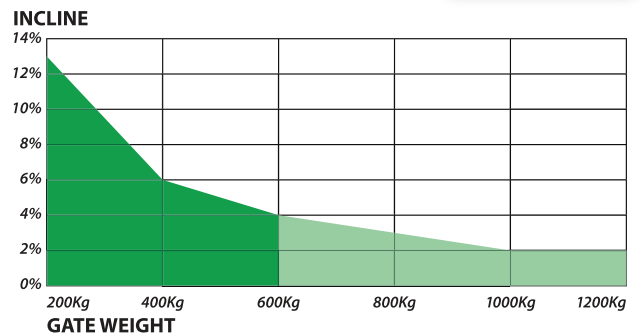

Radial dampers provide continuous, controlled closing speeds when the gate is sliding downhill. This controlled closing speed reduces wear and tear on the gate motor, and importantly increases the safety of a gate.

KEY FEATURES:

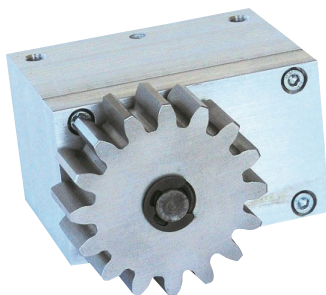

- Adjustable closing speed
- Rust resistant construction
